

PROSPECTUS

GREEN COUNTRY KINDERGARTEN

A Great Place to Grow ...!

The Greatest Gift That We Can Give a Child is SELF ESTEEM and CONFIDENCE in his Ability.

Welcome to Green Country Kindergarten

Dear Parents,

I would like to welcome you to our school. Green Country Kindergarten nestled in over 2.5 acres of green was founded in 2001 with an initiative to take care of the all round development and enhance the intellectual, creative, cognitive, motor and socio-emotional development of children from the age group of 2 years – 5 years in the play school.

We encourage our children to achieve their maximum potential by providing them with a colourful and vibrant environment. Our overall aim is to enable each child reach his / her highest possible potential: academically, individually, physically and socially.

We intend that our pupils will leave Junior school having experienced an excellent primary education and with a set of values that will prepare them for their middle and senior school years and for the life beyond.

This prospectus is intended to give you some basic information about what we do and how you and your children can make the most of what we offer.

With regards,

T.P.Ravishankar
Chairman & Managing Trustee

MISSION

The Mission of GCKG is to develop an enthusiastic child, motivated to learn and experience success.

Every student has a dream and his own capability. GCKG nurtures this aspiration to a logical end by treating every student as rough diamond polishing not just a student's mind but also his personality.

We will accomplish this mission by providing a relevant curriculum taught by a caring, professional staff in a nurturing environment.

ABOUT US

The Governing Council of GCKG consists of eminent educationists, legal experts and educational advisors to give proper guidance to see the institution run in the right line and in right spirit. This Council is headed by Sri. T.P. Ravishankar as its Chairman. The Board meets at periodic intervals and offers constructive guidance and suggestions for the qualitative improvement of the school in all realms.

DAY CARE

AFTER SCHOOL CARE

PREP II

PLAY GROUP

PREP I

NURSERY

CURRICULUM

Our syllabus is a combination of integrated concepts that provides hands on (Montessori Method) and exploratory (Rudolf Steiner Method) which caters to the holistic development of the child and makes learning fun and enjoyable.

PRE - SCHOOL

At Green Country Kindergarten the best learning outcomes are delivered by a carefully calibrated scientific approach. The curriculum has been developed to ensure high-quality learning standards. Our pre-school program enhances a child's innate curiosity and provides rich and carefully resourced environment to stimulate learning and development in children.

PROGRAMMES

Home Away From Home For Toddlers

PLAY GROUP

Above 2 years

Learning for a two year old essentially takes place through PLAY. Play Group is the first step in Pre-School. Focus revolves round the development of large and fine motor skills of the child. Ample activities are provided for kids to explore and question besides efficient language and vocabulary development.

NURSERY

Above 2 years 10 Months

The curriculum is built around teacher and child initiated learning activities where both are active partners in the learning process. The children acquaint themselves with materials with grips, shapes and colours as well as letters and numbers. They are exposed to art, craft, music, dance, creative development, outdoor games with simple rules and indoor activities to develop their gross and fine motor skills.

KINDERGARTEN

We follow a child - focused curriculum which is generated from observation of children's individual strength and abilities, with an emphasis on the development of literacy and numeracy skills.

Programmes

PREP I Above 3 years 10 Months

Children are introduced to numeracy and literacy at this level. Writing, creating expression and elaboration become the focus in language. They familiarise themselves with complex shapes, patterns, shades and colours. As it is easy to integrate a theme into every area of learning, thematic learning is the approach taken for this stage of development.

PREP II Above 4 years 10 Months

Children at this age have an urge to excel at what they do. In Prep II we aim at preparing the children for formal education and also developing self independence and self esteem. We provide a dynamic curriculum, which harnesses and hones the skills that the child has acquired over the last three years in getting them ready for formal schooling.

FACILITIES

We provide young children with an enriching, stimulating and caring environment to develop and learn.

Classrooms

All classrooms are equipped with Air-Conditioners and I-Smart Boards. Each classroom is well lit and spacious with customized furniture, making learning a pleasurable experience.

Library

Children need to develop a healthy appetite for books and reading in general. We have a large well stocked library for the children to utilize. Books that are both recreational and educational in nature are available. We have regular library sessions to enhance the reading habits of students.

Computer Education

Computer Education help the students to keep abreast of the changing times and emerge with greater confidence to face challenges of the outside world.

Music & Dance

A child's learning depends on the sense of pleasure that is derived from a particular activity and also on the learning atmosphere. Music and dance are necessary ingredients for learning and are highly enjoyable. We provide ample opportunities for the kids wherein the children are given the freedom of self expression.

Yoga

Children derive enormous benefits from Yoga. Yoga postures stimulate children's imaginations and improve their physical and neurological skills. During yoga class, our kids practise simple breathing exercises for relaxation and some yoga asanas to make their bodies flexible.

Sports Arena

We make the most of our beautiful, natural outdoor setting as much as our indoor classroom. Our tall and beautiful trees provide an abundance of shade in our large, well-equipped outdoor play area.

We have splash pool, swings, sand pit, slides, and climbing structures. Tennis, Basketball, Football and Adventure Sports Training - all given under expert professional guidance. All equipment used in our play area meet safety standards.

Extra Curricular / Co-curricular Activities

These activities play an important part in the training imparted to the students. We provide ample scope for the development of the student's creative faculties and skills in fine arts and crafts.

RO & UV Drinking Water Stations

The School provides potable water for drinking. It has installed large water purifiers (RO + UV) in its campus.

Medical

An annual Medical Check-up in addition to a Dental Camp is held every year at the School. Our School has a doctor on the panel and he is available to provide medical care and support to the school students as and when necessary. We maintain health records of every child in the school.

Transport

A well laid out transport network operates everyday covering a wide area. The pickup time would be conveyed to the parents at the time of admission. Each bus is driven by a well trained driver and has the presence of a care taker to escort the child. About fifteen buses ply everyday to enable children to commute comfortably and safely.

Safety Features

		PARENTS' CARD			
Name of the child	<input type="text"/>	Class	<input type="text"/>

Issuance of Parent Card to restrict entry into the school campus and deter unauthorized entry.

Fire extinguisher at vantage points.

School Vans with Speed Governor, Fire Extinguisher and First aid Box.

CCTV Cameras installed in the campus to ensure a safe environment.

OUR DIFFERENTIATORS

Ours is an ideal setup for children that focuses on academic, cognitive, physical and emotional development. It's foremost that we always keep safety and hygiene first for each child. We are not only a green Kindergarten, but also follow some unique practices to ensure a clean & warm environment for learning.

Faculty

We have a group of committed and experienced teachers / facilitators who understand that each child is different and give personalised attention to ensure the overall development of the child. With an excellent group of assistants apart from helpers there is always unobstructive caring for the children.

Assured Admission to Green Country Public School

Class I in Green Country Public School is automatic to children who successfully complete Prep II (Senior KG) in Green Country Kindergarten.

Individual Attention

We emphasize on providing the child an appropriate level of individual attention deemed fit based on her/his needs. We maintain a teacher - student ratio of 1:10 which helps in providing individual attention to children. We also extend counseling services by working with students in groups to facilitate their wholesome development and adjustment to the school environment.

Ambience

The ambience is the greatest asset with any institution and particularly so for a Kindergarten. The campus is well planned with all modern facilities. The air conditioned classrooms and activity rooms are spacious, child-friendly & colourful, the furniture for children are age appropriate and the toys are non toxic.

Dear Parents

Thank You for choosing Green Country Kindergarten and deciding to entrust your child to our care. Now that we have become collaborators in the great task of making **a man of your child** let us join our hands firmly and with mutual trust give ourselves fully to this task.

At GCKG the following advantages are held at your child's disposal:

- A lush green environment appropriately suited to an effective and enjoyable learning experience.
- Warm, friendly and well trained staff who are well disposed to every need of the children.
- A carefully devised curriculum which places no burden on the child but makes learning a fun-filled experience.
- Extra -curricular activities and other non-academic activities have been thoughtfully planned to make your child feel that GCKG is his/her second home.
- Colour days, Festival celebrations Monthly birthday Celebrations, Grandparents' Day, Father's Day - all these are well thought of events and activities intended to make your child grow into a positively sensitive and warm-hearted adult in the future.
- Safe and security measures that effectively put at rest the anxiety of the parents.

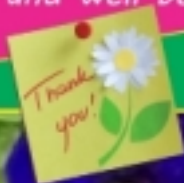

Let's join together with trust, confidence & acceptance...!

To work in partnership, thus enabling us to do everything within our power, to make your child's time with us a safe, enjoyable and happy time.

To expand their learning while promoting their confidence, self-esteem and well-being.
